THE STORM FURIES.

The Southwest is Swept by a Most Distructive Gale---Many Lives are Lost.

NEW ORLEANS, Oct. 14.—News from Point a la Hache and points below, show that the first account of the damage is rather under than over estimated. There has been almost a total destruction of all the crops from Point a la Hache to Port Eades on the east side of the river. The damage between Point a la Hache and Port Eades in the rice gardens and to cattle, horses and poultry houses is estimated at $200,000. No loss of life is reported.

NEW YORK, Oct. 14.—The Western Union officials report that the storm which prevailed in Texas and Louisiana yesterday and day before is now traveling in a northeasterly direction and cutting off telegraph communication as it progresses. New Orleans reports it has no wires west and the whole coast territory from New Orleans to Galveston is cut off. It will be some considerable time before any details of the disaster at Sabine Pass can be obtained.

NEW ORLEANS, La., Oct. 14.—A dispatch received early this morning from Orange, Texas, says, that the storm did great damage at Sabine Pass. The Porter hotel, which contained a large number of guests, was swept away. A boat containing a number of people overturned in the bay and all were drowned. Eight lives were lost and it is feared the worst is not learned. A schooner picked up three men in the bay, in an exhausted condition. A relief boat has gone from Orange with provisions and clothing.

TERRIBLE SCENES.

GALVESTON, Texas, Oct. 14.—The town of Sabine Pass, at the mouth of the Sabine river, the dividing line between Louisiana and Texas, is reported entirely washed away by the terrific storm Tuesday night. Over fifty lives are reported lost out of the total population of 200.

There is news of terrible loss of life and destruction of property at Sabine from high water. We have now no telegraph communication with the pass. An engine arrived here over the East Texas railway that left there about 6 o'clock.

Two citizens who rowed in a small boat across the expanse of tossing waters, a distance of several miles from the town of Sabine to the railroad track, came in on an engine and gave a heart-rending account of affairs there. The citizens of the place did not realize the imminent danger until too late. To escape by flight was out of the question and they betook themselves to houses and resorts adjudged safe. Between 3 and 4 o'clock the houses began to turn over on their sides.

The damage to property at Sabine is very great, especially to the wharf property of the town, owned by New York capitalists who also own the adjoining lands and were aiming to make Sabine Pass an important port on the gulf coast.

Weather Indications.

WASHINGTON, Oct. 13.---The weather indications are as follows:

Kentucky and Indiana—Rains, followed by fair weather, westerly winds, become northerly. Decidededly cooler.

PENSION APPEALS.

A Board Appointed to Consider Intricate Pension Questions.

WASHINGTON, Oct. 14.—The Secretary of the Interior has appointed the following named persons members of the board of appeals: Col. Robert F. Hill, of Michigan; Capt. James J. Judson and Capt. Patrick J. Rogers, of New York; Robert D. Graham, of North Carolina; Samuel D. Rittenhouse, of the District of Columbia, and George Baber, of Kentucky. The board will be divided into three sub-boards, each of which will be entirely independent of the others, subject only to the orders and directions of Assistant Secretary Hawkins, who will have the entire supervision of this branch of the secretary's office. He will assign to each sub-board one or more of the several classes of claims and the board will, as heretofore, consider such cases as are appealed from the decisions of the commissioners of pensions. Its duties will be entirely advisory.

WASHINGTON, Oct. 14.—Secretary Manning returned to Washington last evening. He was accompanied by Secretaries Bayard and Whitney, Treasurer Jordon, Commissioner of Internal Revenue Miller and other officials. Mr. Manning seemed to be in good health.

Judge John J. Key, one of the most distinguished lawyers in the District of Columbia, died at his residence in Georgetown yesterday. He lived for a number of years in Indiana, and was a law partner of Senator Voorhees at Terre Haute. He came to Washington ten or twelve years ago, and has been a successful attorney.

LOOKS BAD.

Ex-President Gonzales Shot and a Revolt Rages in Mexico.

EL PASO, Tex., Oct. 14.—A report is in circulation here to the effect that Ex-President Gonzales, of Mexico has been assassinated in the interior. There are rumors of an insurrection in the interior and that twenty persons were shot in Furnville.

County Treasurer Short over $75,000.

VINCENNES, Ind., Oct. 14.—The experts, Messrs. Allen and Fleener, employed to examine the books of the defaulting treasurer, S. S. Hollingsworth, submitted a report yesterday to the board of commissioners of Knox county. They find the shortage to be $76,897. Hollingsworth has deducted a large amount of costs from delinquent taxes collected and used the money himself. His right to do this, the experts say is very doubtful.

FIVE DROWNED.

Two Lake Steamers Have a Collision With the Above Sequel.

SHEBOYGAN, Mich., Oct. 14.—In a collision three miles out in the lake last night between the steamer Selah Chamberlain, of Cleveland, valued at $60,000 and the steamer John Pridgeon jr., the Chamberlain went down and five of the crew were lost. The Pridgeon arrived at Milwaukee this morning. The captain of the Chamberlain refuses to talk.

Mr. Tilden's Will.

NEW YORK, Oct. 14.—There promises to be serious trouble immediately following the probation of Samuel J. Tilden's will. Creditors of the New Lebanon drug factory, who hold claims for $270,000 on the old concern, which it is alleged Mr. Tilden agreed to pay, will put in a claim for that amount, and propose to break the will on the plea that it is too general in its terms. Should they meet with success, their claims will be satisfied out of the estate, and the Tilden relatives will get fortunes.

THE KNIGHTS.

They Choose Their Leaders and are Still at Work.

RICHMOND, Va., Oct. 14.—The entire morning session was consumed in balloting for members of the general executive board. Tnomas B. Barry, of Michigan; John W. Hayes, of New Jersey, and William H. Bailey, oi Ohio, were elected. A recess was then taken until this afternoon to elect the remaining three members.

There will be organized a bureau of colored knights throughout the southern states, for the purpose of procuring accurate statistics relative to the condition of the colored people and their relations to the white laborers wherever they are employed together. It is purposed to learn whether they receive the full liberty and rights to which they are all legally entitled.

T. V. Powderly was re-elected general workman, and Mr. Griffith general foreman. Secretary Turner was chosen treasurer, and Charles H. Litchman, of Massachusetts, was made secretary.

Awful Prairie Fires.

KANSAS CITY, Oct. 14.—Late advices from the Indian Territory, state that the most extensive and destructive fires ever known there are sweeping the prairies.

A Murderer Lynched.

CHICAGO, Oct. 14.—Two hundred masked men lynched Henry Wiedmore, the wife murderer, at 1 o'clock this morning.

MCDONALD AND BELL

Their Great Meetings in Whitley County—The Gazette Touched up.

Columbia City Post.

On Monday afternoon all who could crowd into the court room had the pleasure of hearing two of the ablest political addresses ever delivered in this place. Senator McDonald was first introduced and for nearly two hours discussed the issues of the day in a broad, statesmanlike, lawyerlike manner. Senator McDonald is one of the most prominent lawyers in this country and for six years stood in the front rank on the democratic side of the United States senate. He is a man of comprehensive views and of boundless political information. He spoke particularly on the work the administration was accomplishing and made the republican party suffer by comparing its extravagance and dishonesty with the order of things since the new administration took the reins. Those who heard that speech will not soon forget it. After Senator McDonald came Hon. R. C. Bell. Mr. Bell is an old time favorite in Whitley county and his speeches are always well received. He said he actually admired the republican party for its sublime gall. Both speeches were instructive and entertaining and it is to be lamented that the busy season prevented so many from attending.

AT SOUTH WHITLEY.

Ex-Senator Joseph E. McDonald and Hon. R. C. Bell, were greeted with an immense crowd at South Whitley in the evening. The fine moonlight and excellent roads enabled farmers to attend from a great distance. The speeches were well received and for an off year the meeting was marked with great enthusiasm.

In reporting the McDonald meeting in the Fort Wayne *Gazette*, the correspondent from Columbia City got his information second handed, or is deaf, or is an infernal liar. One of three is true to him. Everything he reported, except the time and place, was incorrect. He said McDonald evaded the gerrymander and the insane assylum question in his speech. Just the contrary was true, and it would have done the correspondent's soul good, no doubt, to have heard him.

A GREAT FIZZLE.

The Republicans Talk to Empty Benches at Sheldon---A Prediction.

To the Editor of the SENTINEL.

For fear that some one might be misled after reading the *Gazette* in regard to the republican meeting at Sheldon last Saturday evening is my reason for making this statement. The meeting had been well advertised for more than a week previous with Judge Chapin as principal speaker with five or six others of lesser note. Well, the speakers came; but the crowd!!

The *Gazette* says they adjourned from the blacksmith shop to the school house where there was "ampler" accommodations. So far as the crowd was concerned they might have adjourned to the target house. It would have been sufficiently large to have held the "crowd," speakers and all. There were just fifteed persons there, five of whom were democrats. The only speech worth mentioning was Judge Chapin's, and even that failed to arouse the least particle of enthusiasm and the few republicans that were there went home feeling very sick.

Just set it down that the Sheldon precinct will give a rousing majority for the entire democratic ticket—state, congressional and county, and don't you let it escape your memory. INDEX.

Sheldon, Ind., Oct. 12, 1886.

SACRED SERVICES.

Progress of the Mission at the Cathedral and Opening of the Devotions of Forty Hours this Morning.

The mission services at the cathedral are still drawing great crowds every day and evening. Last night Father Alexius eloquently preached upon "Christian Marriage." This gentleman is indeed an emphatically practical and pleasing pulpit orator. He preaches again tonight at 7:30.

This morning the "Forty Hour Adoration" was opened with great splendor of ceremony, the choir excellently rendering Lambillatte's masterpiece. Rt. Rev. Bishop Dwenger was celebrant of the Mass. He was attended by Very Rev. J. H. Brammer, assistant priest. Rev. J. H. Guendling, director and chaplain of the boys' orphan asylum at Lafayette, deacon, and Rev. T. M. O'Leary, subdeacon. Rev. J. T. Lang was master of ceremonies. The Rev. Fathers Alphonsus, Alexius and Boniface attended in Cassock and Surplice. Father Alphonsus preached a beautifully devotional sermon on "Our Redeemer in the Holy Sacrament." The cathedral is crowded this afternoon with devout worshippers. The altar is richly decorated with fine flowers both fresh and artificial, and the burning tapers amid the glitter of gold richly portray the vivid faith and love of believing souls in the "Real Presence." To-night the bishop attended by his ministers will give the solemn benediction after the sermon by Father Alexius, one of the most polished and able orators of the day. This father is not yet thirty-three years old. The music will be exceptionably fine, such as the grand choir of the cathedral at times is wont to produce. Messrs. Ed. Noll and John Mohr, jr., with full choir, will have charge of the musical portion of the services. The mission will close next Sunday evening.

A FURIOUS GALE.

A Sort of Cyclone Strikes the City and Shatters and Shakes Things Generally.

The calm and charming weather of the past few weeks was broken by a heavy rain this morning and along about 9 o'clock a heavy wind prevailed between showers. At 11 and 12 o'clock it developed into a furious gale and the severest wind storm of the year broke in on us. Shade trees, fruit trees and stately timber were twisted from their roots and swept across streets and sidewalks, temporarily obstructing travel and traffic in some instances.

The roof of the Odd Fellows' block on Berry street, was lifted by the wind and hung over the east side of the building. Workmen at once began to cover the rooms and save the interior decorations from destruction by the rain.

A sign in front of Boerger's store, on Eash Main street, was blown off this morning and smashed in the windows of the front.

The cross on the northwest spire of the Cathedral nodded to the gale and people looked to see it tumble every moment, but it still holds its place in a loose way.

The awning in front of the grocery store of Theodore Vogler, corner of Hanna and Jefferson streets, was blown down by the wind at noon to-day. A portion of the awning was carried through the front windows, breaking the glass and a lot of queensware.

The wind storm created havoc with the Western Union telegraph wires, blowing down several miles of poles on the Pittsburg, Fort Waye and Chicago and the Wabash railroads, the worst being between Warsaw and Plymouth and east of Van Wert.

Innumerable signs were twisted from their holdings about town, a bill board on Calhoun street, near Lewis, was prostrated, and damage of every nature that wind can inflict was recorded, not, however, with any serious loss or personal injury to any one.

The wind along the east and west railroad lines was severe and telegraph communication was interrupted.

The roofs of Haffner's bakery, Hake's bottling works, the French brewery, Mergentheim's store, Keel's book store, THE SENTINEL building, Shaffer's grocery, Driscoll's hall and a half dozen other places were the last to succumb to the wind. Tinners refused to work on roofs and if it rains to-night the damage already done will be doubled.

Tributes to the late Hon. J. L. Williams.

Columbia City Post.

Hon. Jesse L. Williams, one of the oldest and most distinguished citizens of Fort Wayne, died at his home in that city last Saturday in the seventy-eighth year of his life. Mr. Williams was a man of great ability and generous impulses. His life was one full of honors and good deeds. In politics he was a republican; in religion a Presbyterian. His wealth is estimated as high as a million dollars.

Bluffton Chronicle.

Hon. Jesse L. Williams, of Fort Wayne, died on last Saturday morning. He was one of the very few early settlers of that city. He was engineer of all the Indiana canals in 1834, and for many years he was director of the Pacific railroad. He was a man of great probity and worth. For many years he was a ruling elder of the First Presbyterian church, contributing many thousand dollars to the erection of the very fine edifice now just completed.

Death of an Estimable Lady.

The many friends of Mrs. Frederick Thieme will be pained to learn of her death, which took place this morning about 1 o'clock, at her home No. 216 West Berry street, surrounded by her loving family and devoted husband. Mrs. Thieme had been sick for many months and during that time suffered much pain. She was a woman loved by all who knew her. She was born in Dresden, Saxony, in 1830, and has been a resident of this city for twenty-nine years. She was the mother of ten children, eight of whom are now living. Funeral will take place at 2 o'clock, Sunday afternoon from Emanuel's German Lutheran church.

Bt. Rev. Bishop Rademacher, of Nashville, reached the city this afternoon on his way to Chicago where he blesses and lays the corner stone of the hospital now in process of erection, and which is to be conducted by the "Poor Handmaids" of this city, whose mother house is at the convent attached to the St. Joseph hospital. Bishop Rademacher is expected to remain in the city until Saturday.

A WOMAN KILLED.

Mrs. Williams Crushed in a Brick Barn at Monroeville.

The brick barn of Samuel M. Williams, at Monroeville, was blown down at 1 o'clock this afternoon, by the fierce wind. Mrs. Williams, who was in the barn, was fatally injured, having her skull crushed and spine broken.

Mr. Williams, who travels for the Fleming Manufacturing Co., of Fort Wayne, was absent from home on his trip.

A Town Swept Away.

NEW ORLEANS, Oct. 14.—Chief Operator West, of the Western Union Telegraph company, has received the following message from the operator at Orange, Tex.: "The town of Sabine Pass was totally destroyed by the water of the Sabine river Wednesday night. There are known to have been sixty-five lives lost. Last night during the overflow a hotel with fifteen or twenty people in it was swept out into the bay and every one of the inmates drowned.

DEMOCRACY AND LABOR.

Equal and exact justice to all men.—*Thomas Jefferson.*

Exclusive privileges to none.—*Andrew Jackson.*

Under our form of government the value of labor as an element of national prosperity should be regarded as especially entitled to legislative care.—*Grover Cleveland.*

AGNOSTICISM is losing the support of evolution, says the *Princeton Review*. Brought forward by Spencer to aid that theory, evolution now turns its batteries against its former ally, and points to the ends which are being realized in nature as proof of the intelligence of nature's author. The logic of events and the logic of reason point in the same direction. Agnosticism has performed the minor task of checking extravagant tendencies and inducing the human reason to abate somewhat of its pretensions regarding the knowledge of supernatural things. But it has failed to satisfy legitimate demands. It has failed also to justify its own position at the bar of sound reason. As a result, it seems about to give way to a philosophy which upon the throne of the Unknowable places its rightful occupant—the living God.

A FALSEHOOD NAILED

One of the Ridiculous Fabrications Invented and Put in Circulation by Some of the More Unscrupulous Republicans Set Down On.

Colonel Lamont, the private secretary of the president, after conferring with his chief, authorizes the publication of the following emphatic language contained i. e. in a telegraphic message to Judge Lowry.

"Any statement that the president has indicated any wish in relation to the canvass in your district, unfriendly to your return, is unqualifiedly false."

The fact is, that the relations between the president and Judge Lowry, personally and politically, are of an entirely agreeable and satisfactory character, and it is well known that the former has on more than one occasion manifested his entire confidence in our faithful representative.

The malignants will now, of course, try something else.

THE 44TH REGIMENT.

Cosgrove, and in the evening at the Academy of Music, which was well filled, the principal address was made by ex-Mayor Randall, who had presented the regiment with their battle flag when leaving for the front twenty-five years ago. Capt. J. B. White, Col. Jack Kinsill, Miss Maude Graham, in a recitation, Gen. Sam. B. Sweet, Rev. D. C. Woolport and others, were on the program and responded nicely.

THE republican funeral procession is moving slowly on.

THE democrats have nothing to explain. They have placed their affairs before the people.

COUNTY TREASURER DALMON'S statement stands to rebuke republican falsehoods.

THE success of the democratic party in 1884 was not a temporary victory. It was the result of a gradual growth of popular distrust of the republican party which had served its day and was passing into decline. Decline, because its principles of centralization was inimical to a free republic and because the corrupt methods of its public office holders had digusted honest men of all parties. The democratic party withstood defeat year after year for a quarter of a century and yet it grew stronger day by day, for the tree of liberty was not born to die. Beneath its overspreading branches the lovers of freedom and honest government gathered and multiplied, and when the great party of the people was again placed in power it had a mission to perform. The public service was to be reformed, and the people expected economical, honest government. They have secured these benefits, and now have faith that the democratic party is the only proper party to administer the affairs of this country. Its new mission is only just begun. It will continue its good work and the people will continue to trust it. Leaders of the dead and fossilized republican party may object but the country will not heed the rattle of dry bones. There are living issues to enlist the attention of the people and the democratic party will score victory after victory as the years go by in the interest of good and progressive government.

THE severe shocks of earthquake recently experienced in this country, have turned public attention to the various scientific theories concerning volcanoes, hot springs, composition of the interior of the globe, earthquakes, and the like. The most advanced scientists are frank in the admission that the world's stock of knowledge on the subject is very limited. In this connection a remarable example of the increase of temperature in the earth toward the center has been presented at Pesth, where the deepest artesion well in the world is that now being bored for the purpose of supplying the public baths and other establishments with hot water. A depth of 3,120 feet has already been reached, and it furnishes 176,000 gallons daily, at a temperature of 158 degrees F. The municipality have recently voted a large subvention in order that the boring may be continued to a greater depth, not only to obtain a larger volume of water but at a higher temperature. It is suggested that it is thus within the bounds of probability, that the time may come when a brewer or other manufacturers will obtain this water supply from a well of sufficient depth to do away with the necessity for artificially heating it.

A CITIZEN of Clayton, Ga., lost a valuable dog, and suspected that he had fallen into a deserted mining shaft. He could neither see nor hear anything of him at the bottom of the sixty-foot hole, but when he let down a piece of meat on a string something "bit" as greedily as a Saranac trout. Then a miner went down, and sure enough the dog was there, and after being drawn up was found to be unhurt.

QUEEN VICTORIA is very strict in the matter of court etiquette. She even makes grammatical rules. She wishes to be referred to as Her Majesty, not her Majesty. This is more modest than the requirement of Russian royalty, which has the names of the imperial family printed on the title-page of the orthodox prayer-books in big capitals, while the name of God appears in small type.

HENRY SAMPSON, a convict at work on the Georgia Midland Road, escaped recently. A bloodhound was put on his track, but when the dog was again seen he was found manacled to a tree with the convict's shackles. Two new dogs were put on the trail, but when they overtook the fugitive he made overtures to them, won their friendship, and traded them to a negro woman for his dinner. Sampson is still at large.

LENA FRY, the little daughter of David Fry, of Loudoun County, Virginia, who astonished the physicians and people in that vicinity by her long sleep, is dead. She was fifteen years old. Her first long sleep lasted sixty-six hours. Then she was thought to be dead. Her last and final sleep lasted nine days. She begged those about her not to let her go to sleep, but they could not relieve her of the drowsiness which took possession of her. All efforts to awaken her were fruitless. The doctors say she starved to death while asleep.

ON closely examining a light weight silver dollar presented at the sub-Treasury in Boston, the other day, a piece of handiwork of high order was discovered. The coin had been hollowed out in the center so as to allow the placing within it of the photograph of a child, while the face of the coin formed a sort of cover, which was held in position by hinges and a clasp. So fine was the work that probably no one but an expert could detect it. It is thought the coin found its way to the Treasury by mistake.

REALLY, not all Germans are music-lovers. The Hohenzollerns are not. Franz Liszt, after vainly trying with his most brilliant performances to produce some impression upon Prince Frederick, brother of the King of Roumania, exclaimed: "No wonder! All the Hohenzollerns I have known cared nothing for music. Old Prince Albert once told me he looked upon music as an 'expensive noise'; and of his own son, now Regent of Brunswick, he said: 'He cannot be a true Prussian Prince, for he does not admire women, nor get drunk, and does not play on the organ!'"

GEN. PLEASONTON was telling the story of the last earthquake at Arica: "The people of that afflicted country have been shaken up so often that they have no difficulty in recognizing an earthquake by sight. But the last one was recognized long before it could be seen. It came more slowly than any of its predecessors—so slowly that all the people had time to run out of their little one-story adobe houses into the plaza, where they fell prone on their faces. When the earthquake got there it carried the ground up just like a wave. The people lying in the plaza felt just as you do when a big wave rolls under you on the beach. Those who lay in the trough of the wave, so to speak, were all right. But those who went up on the crest of the wave fell into it where it broke and were buried alive under it. It was all over in a minute."

"I love thee, ease, and only the." Well, the only way to obtain it is to buy Salvation Oil, 25 cents.

The people still cling to Dr. Bull's Cough Syrup as the only safe and reliable remedy for cough, cold, croup, catarrh and consumption. 25 cents.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

A PLAIN STATEMENT.

A Concise and Clear Statement of Allen County's Finances.

Owing to the misrepresentations if not absolute falsehoods of the so called People's Convention managers, concerning the financial condition of Allen county, Chairman McCulloch, of the democratic county committee, addressed a letter to Treasurer John Dalman, requesting an accurate statement of the county's affairs at the close of business, September 30, 1886. Treasurer Dalman's reply is given in full, and explodes most effectually the statements made by these would be bell wethers of the people's, alias republican movement.

Hon. C. McCulloch:

IS THIS THE REFORM THEY TALK ABOUT!

[Proceedings of the Republican County Convention taken Verbatim from the Gazette.]

Mr. Baltes was declared the nominee and made a short speech:

"MR. CHAIRMAN AND GENTLEMEN:—I have not been seeking this office, but as you have been so liberal as to give me a majority on the first ballot, I am very thankful, and shall work again as I did four years ago, when I paid $1,200 and didn't get the office, even if it costs me another $1,200 to get into this court house. All I ask is that these delegates do the fair thing, and at the fall election be at the polls and vote the whole ticket through from top to bottom, [a voice, "We'll do it!"] and there is no doubt but we'll carry Allen county. [Cheers.]"

Perhaps no local disease has puzzled and baffled the medical profession more than nasal catarrh. While not immediately fatal it is among the most distressing, nauseous and disgusting ills the flesh is heir to, and the records show very few or no cases of radical cure of chronic catarrh by any of the multitude of modes of treatment until the introduction of Ely's Cream Balm a few years ago. The success of this preparation has been most gratifying and surprising.

ADVICE TO MOTHERS.—MRS. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

FACTS FOR VOTERS.

Hon. Charles McCulloch Makes an Honest and Masterly Statement of County Affairs.

To the Editor of THE SENTINEL.

Nothing more completely baffles trickery and deception than a straightforward statement of facts. I believe that the taxpayers of Allen county and the city of Fort Wayne are honest, intelligent men, not easily bamboozled or deceived. Living in the noonday of time, they read and think and the editors of republican papers in this city will find that the triumphs of truth and reason are greater than those of misrepresentation. Slander cannot make a subject either better or worse and in the long run it acts like a boomerang upon the party that resorts to it. The true and concise statement of our county affairs, made by our county treasurer, is all that is necessary to puncture the false statements of republican newspapers, and it will be published often enough for every man in the county to read it and these pretended reformers will find that "truth is mighty and will prevail."

The statement shows that the commissioners did issue $200,000 of bonds, and they bear five per cent interest, but the premium they brought, of $4,000, brings the rate of interest to about 4¾ per cent or less. They did this to pay off every county order that drew 6 per cent, and to give them money enough to keep the county for the future on a cash basis and at the same time not to stint in the necessary expenses of a thriving county. Several years ago, about the time Mr. Rudisill was auditor, a large number of wooden bridges, on pile foundations, were built within a period of four years. Everyone knows what kind of bridges they were from the one at Rudisill's mill and Muldoon's dam. During the last four years these bridges have had to be rebuilt or repaired at a cost of over $150,000, and in order to verify my statement I give figures of cost and location of bridges, and this will tell why for four years past the expenditures of the county have been heavy:

Wells street bridge, St. Marys river	$ 20,922 51
Paper Mill bridge, St. Joe river	14 490 2[illegible]
Clinton street bridge, St Marys river	14,315 73

Robinson bridge, Robinson run	1,17[illegible] 00
Gaar Creek bridge, stone work	1,370 00
Fitch bridge, iron work	920 00
Spy Run bridge, iron works	698 25
Hoagland bridge, near Hoagland	1,145 92
Broadway bridge, iron	698 25
Leo bridge, repairs	570 85
Nickerson bridge, Nickerson creek	485 00
Canal bridge, near paper mill	251 22
Canal bridge, near brewery	237 48
Canal bridge, near Peters' mill	151 50
Notestine's bridge	165 58
Huntertown bridge	122 20
Lafayette township bridge	135 00
Academy station bridge, repairs	209 00
Monroe township, bridge repairs	158 50
Gaar Creek bridge repairs	125 [illegible]
Milan township bridge repairs	105 00
Hamilton Creek bridge	125 00
Scipio township bridge	160 [illegible]
Township line bridge	92 00
Mud Run bridge	82 00
Maumee township bridge	70 00
Cedar Creek bridge repairs	70 00
Springfield township bridge repairs	54 00
Painting Rudisill bridge	[illegible]0 00
Painting Taylor's bridge	25 00
Total	$153,290 77

Some more have yet to be built, but the work is principally done for many years to come. Allen county is the largest county in the state and has more bridges to build and keep up than any other county. She is second in wealth and manufacturing interests and had it not been for the necessary expenses above mentioned she would not have run behind one dollar. THE PEOPLE BELIEVE IN GOOD ROADS, SAFE BRIDGES, WELL MANAGED PUBLIC INSTITUTIONS, LIBERAL EXPENDITURES FOR HOSPITALS AND THE POOR.

The hospital and poor expenses alone from June 1, 1885, to June 1, 1886, were as follows, according to the report of Auditor Griebel:

Poor orders by township trustees	$22,821 00
Medicine	968 20
Physicians	2,349 37
Railroad fare	271 25
City hospital	3,840 63
St. Joseph hospital	4,077 12
Asylum	6,677 15
Asylum superintendent	800 00
Pest house	33 40
Overseers of poor, township trustees	1,957 00
Total	$43,795 12

Viewing the great improvements and charities we can point with pride to our county and the paltry debt that is shown in the statement of the county treasurer is so straightforward and plainly legitimate that people never give it a moments critical consideration. There has been no stealing. Men like William Briant, Jerome Gloyd, Henry Hartman, Louis Griebel, Willis Maier, John Dalman, Judge Hench, Judge O'Rourke *don't steal*. Newspapers are the only accusers that dare say they do. Individually not one of the gentlemen who edit those papers would say so. The democratic and republican platforms both agreed that one term in a four year county office was long enough. With that idea prominent the present democratic county ticket was nominated and as Mr. P. S. O'Rourke said to me a few days ago, "it is as good a ticket as was ever nominated in Allen county," and Mr. O'Rourke is a close observer and always says exactly what he means. He also said that he had known Mr. Niezer from his boyhood, and that he was the soul of honor. The laws that regulate the county officials in the banner democratic county of Allen regulates them in republican counties. Allen county's prosperity and growth has been wonderful within the past few years, and the workingmen who are building homes faster than ever all over our beautiful city, still have confidence in our public servants in spite of the attempts of newspaper gentlemen at each election to deceive them.

Respectfully,
CHARLES MCCULLOCH.

The First Keen Twinge.

As the season advances, the pains and aches by which rheumatism makes itself known, are experienced after every exposure. It is not claimed that Hood's Sarsaparilla is a specific for rheumatism—we doubt if there is, or can be, such a remedy. But the thousands benefitted by Hood's Sarsaparilla, warrant us in urging others who suffer from rheumatism to take it before the first keen twinge.

SUPERVISING ARCHITECT BELL is to go, too, and Senator Eustis, of Louisiana, is talked of as his successor.

The Army and the Navy, the Bar and the Bench, the Pulpit and the Press, all ranks and classes of people have sent their personal experience and thanks, for the last 40 years, until their letter have filled volumes, testifying to the wonderful cures effected by Pond's Extract. This favorite medicine is the People's Great Remedy for all forms of Inflammations, Hemorrhages, Piles, Sore Throat, Boils, Burns, Sprains and kindred diseases. It continually grows in popular appreciation. Genuine in Bottles with Buff Wrappers only. Avoid counterfeits.

JUDGE LOWRY is gaining ground rapidly in the northern part of the district.

For Bronchical, Asthmetic, and Pulmonary Complaints, "Brown's Bronchial Troches" manifest remarkable curative properties. Sold only in boxes.

THE *Gazette* takes to false figures like a duck to water. Nature asserts itself.

In the Hop Plasters the virtues of fresh hops are combined with strengthening and stimulating balsams, and its cures of weak back, pain in the side, rheumatism, neuralgia or pain in the chest are simply marvelous, it being more efficacious and thorough than any liniment or liquid remedies. You'll say so after using.

INDIANA is governed by democratic officials.

They are Not Sorry.

There is one thing nobody ever regrets—that is, the day they first adopted Parker's Tonic as their regular family medicine. Its range is so wide, and its good effects so sure, that nothing else, except good nursing, are needed in a great majority of cases. Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00.

THE STORM FURIES.

The Southwest is Swept by a Most Destructive Gale---Many Lives are Lost.

NEW ORLEANS, Oct. 14.—News from Point a la Hache and points below, show that the first account of the damage is rather under than over estimated. There has been almost a total destruction of all the crops from Point a la Hache to Port Eades on the east side of the river. The damage between Point a la Hache and Port Eades in the rice gardens and to cattle, horses and poultry houses is estimated at $200,000. No loss of life is reported.

NEW YORK, Oct. 14.—The Western Union officials report that the storm which prevailed in Texas and Louisiana yesterday and day before is now traveling in a northeasterly direction and cutting off telegraph communication as it progresses. New Orleans reports it has no wires west and the whole coast territory from New Orleans to Galveston is cut off. It will be some considerable time before any details of the disaster at Sabine Pass can be obtained.

NEW ORLEANS, La., Oct. 14.—A dispatch received early this morning from Orange, Texas, says, that the storm did great damage at Sabine Pass. The Porter hotel, which contained a large number of guests, was swept away. A boat containing a number of people overturned in the bay and all were drowned. Eight lives were lost and it is feared the worst is not learned. A schooner picked up three men in the bay, in an exhausted condition. A relief boat has gone from Orange with provisions and clothing.

TERRIBLE SCENES.

GALVESTON, TEXAS, Oct. 14.—The town of Sabine Pass, at the mouth of the Sabine river, the dividing line between Louisiana and Texas, is reported entirely washed away by the terrific storm Thursday night. Over fifty lives are reported lost out of the total population of 200.

There is news of terrible loss of life and destruction of property at Sabine from high water. We have now no telegraph communication with the pass. An engine arrived here over the East Texas railway that left there about 6 o'clock.

Two citizens who rowed in a small boat across the expanse of tossing waters, a distance of several miles from the town of Sabine to the railroad track, came in on an engine and gave a heart-rending account of affairs there. The citizens of the place did not realize the imminent danger until too late. To escape by flight was out of the question and they betook themselves to houses and resorts adjudged safe. Between 3 and 4 o'clock the houses began to turn over on their sides.

The damage to property at Sabine is very great, especially to the wharf property of the town, owned by New York capitalists who also own the adjoining lands and were aiming to make Sabine Pass an important port on the gulf coast.

Weather Indications.

WASHINGTON, Oct. 13.—The weather indications are as follows:

Kentucky and Indiana—Rains, followed by fair weather, westerly winds, becomo northerly. Decidedly cooler.

PENSION APPEALS.

A Board Appointed to Consider Intricate Pension Questions.

WASHINGTON, Oct. 14.—The Secretary of the Interior has appointed the following named persons members of the board of appeals: Col. Robert F. Hill, of Michigan; Capt. James J. Judson and Capt. Patrick J. Rogers, of New York; Robert D. Graham, of North Carolina; Samuel D. Rittenhouse, of the District of Columbia, and George Baber, of Kentucky. The board will be divided into three sub-boards, each of which will be entirely independent of the others, subject only to the orders and directions of Assistant Secretary Hawkins, who will have the entire supervision of this branch of the secretary's office. He will assign to each sub-board one or more of the several classes of claims and the board will, as heretofore, consider such cases as are appealed from the decisions of the commissioners of pensions. Its duties will be entirely advisory.

WASHINGTON, Oct. 14.—Secretary Manning returned to Washington last evening. He was accompanied by Secretaries Bayard and Whitney, Treasurer Jordon, Commissioner of Internal Revenue Miller and other officials. Mr. Manning seemed to be in good health.

Judge John J. Key, one of the most distinguished lawyers in the District of Columbia, died at his residence in Georgetown yesterday. He lived for a number of years in Indiana, and was a law partner of Senator Voorhees at Terre Haute. He came to Washington ten or twelve years ago, and has been a successful attorney.

LOOKS BAD.

Ex-President Gonzales Shot and a Revolt Rages in Mexico.

ELPASO, Tex., Oct. 14.—A report is in circulation here to the effect that Ex-President Gonzales, of Mexico has been assassinated in the interior. There are rumors of an insurrection in the interior and that twenty persons were shot in Farnville.

County Treasurer Short over $75,000.

VINCENNES, Ind., Oct. 14.—The experts, Messrs. Allen and Fleener, employed to examine the books of the defaulting treasurer, S. S. Hollingsworth, submitted a report yesterday to the board of commissioners of Knox county. They find the shortage to be $76,897. Hollingsworth has deducted a large amount of costs from delinquent taxes collected and used the money himself. His right to do this, the experts say is very doubtful.

FIVE DROWNED.

Two Lake Steamers Have a Collision With the Above Sequel.

SHEBOYGAN, Mich., Oct. 14.—In a collision three miles out in the lake last night between the steamer Selah Chamberlain, of Cleveland, valued at $30,000 and the steamer John Pridgeon jr., the Chamberlain went down and five of the crew were lost. The Pridgeon arrived at Milwaukee this morning. The captain of the Chamberlain refuses to talk.

Mr. Tilden's Will.

NEW YORK, Oct. 14.—There promises to be serious trouble immediately following the probation of Samuel J. Tilden's will. Creditors of the New Lebanon drug factory, who hold claims for $270,000 on the old concern, which it is alleged Mr. Tilden agreed to pay, will put in a claim for that amount, and propose to break the will on the plea that it is too general in its terms. Should they meet with success, their claims will be satisfied out of the estate, and the Tilden relatives will get fortunes.

THE KNIGHTS.

They Choose Their Leaders and are Still at Work.

RICHMOND, Va., Oct. 14.—The entire morning session was consumed in balloting for members of the general executive board. Thomas B. Barry, of Michigan; John W. Hayes, of New Jersey, and William H. Bailey, of Ohio, were elected. A recess was then taken until this afternoon to elect the remaining three members.

There will be organized a bureau of colored knights throughout the southern states, for the purpose of procuring accurate statistics relative to the condition of the colored people and their relations to the white laborers wherever they are employed together. It is purposed to learn whether they receive the full liberty and rights to which they are all legally entitled. T. V. Powderly was re-elected general workman, and Mr. Griffith general foreman. Secretary Turner was chosen treasurer, and Charles H. Litchman, of Massachusetts, was made secretary.

MCDONALD AND BELL

Their Great Meetings in Whitley County—The Gazette Touched up.

Columbia City Post.

On Monday afternoon all who could crowd into the court room had the pleasure of hearing two of the ablest political addresses ever delivered in this place. Senator McDonald was first introduced and for nearly two hours discussed the issues of the day in a broad, statesmanlike, lawyerlike manner. Senator McDonald is one of the most prominent lawyers in this country and for six years stood in the front rank on the democratic side of the United States senate. He is a man of comprehensive views and of boundless political information. He spoke particularly on the work the administration was accomplishing and made the republican party suffer by comparing its extravagance and dishonesty with the order of things since the new administration took the reins. Those who heard that speech will not soon forget it. After Senator McDonald came Hon. R. C. Bell. Mr. Bell is an old time favorite in Whitley county and his speeches are always well received. He said he actually admired the republican party for its sublime gall. Both speeches were instructive and entertaining and it is to be lamented that the busy season prevented so many from attending.

AT SOUTH WHITLEY.

Ex-Senator Joseph E. McDonald and Hon. R. C. Bell, were greeted with an immense crowd at South Whitley in the evening. The fine moonlight and excellent roads enabled farmers to attend from a great distance. The speeches were well received and for an off year the meeting was marked with great enthusiasm.

In reporting the McDonald meeting in the Fort Wayne *Gazette*, the correspondent from Columbia City got his information second handed, or is deaf, or is an infernal liar. One of three is true to him. Everything he reported, except the time and place, was incorrect. He said McDonald evaded the gerrymander and the insane asylum question in his speech. Just the contrary was true, and it would have done the correspondent's soul good, no doubt, to have heard him.

A GREAT FIZZLE.

The Republicans Talk to Empty Benches at Sheldon---A Prediction.

To the Editor of the SENTINEL.

For fear that some one might be misled after reading the *Gazette* in regard to the republican meeting at Sheldon last Saturday evening is my reason for making this statement. The meeting had been well advertised for more than a week previous with Judge Chapin as principal speaker with five or six others of lesser note. Well, the speakers came; but the crowd!!

The *Gazette* says they adjourned from the blacksmith shop to the school house where there was "ampler" accommodations. So far as the crowd was concerned they might have adjourned to the target house. It would have been sufficiently large to have held the "crowd," speakers and all. There were just fifteen persons there, five of whom were democrats. The only speech worth mentioning was Judge Chapin's, and even that failed to arouse the least particle of enthusiasm and the few republicans that were there went home feeling very sick.

Just set it down that the Sheldon precinct will give a rousing majority for the entire democratic ticket—state, congressional and county, and don't you let it escape your memory. INDEX.

Sheldon, Ind., Oct. 12, 1886.

SACRED SERVICES.

Progress of the Mission at the Cathedral and Opening of the Devotions of Forty Hours this Morning.

The mission services at the cathedral are still drawing great crowds every day and evening. Last night Father Alexius eloquently preached upon "Christian Marriage." This gentleman is indeed an emphatically practical and pleasing pulpit orator. He preaches again tonight at 7:30.

This morning the "Forty Hour Adoration" was opened with great splendor of ceremony, the choir excellently rendering Lambillotte's masterpiece. Rt. Rev. Bishop Dwenger was celebrant of the Mass. He was attended by Very Rev. J. H. Brammer, assistant priest. Rev. J. H. Guendling, director and chaplain of the boys' orphan asylum at Lafayette, deacon, and Rev. T. M. O'Leary, subdeacon. Rev. J. T. Lang was master of ceremonies. The Rev. Fathers Alphonsus, Alexius and Boniface attended in Cassock and Surplice. Father Alphonsus preached a beautifully devotional sermon on "Our Redeemer in the Holy Sacrament." The cathedral is crowded this afternoon with devout worshippers. The altar is richly decorated with fine flowers both fresh and artificial, and the burning tapers amid the glitter of gold richly portray the vivid faith and love of believing souls in the "Real Presence." To-night the bishop attended by his ministers will give the solemn benediction after the sermon by Father Alexius, one of the most polished and able orators of the day. This father is not yet thirty-three years old. The music will be exceptionally fine, such as the grand choir of the cathedral at times is wont to produce. Messrs. Ed. Noll and John Mohr, jr., with full choir, will have charge of the musical portion of the services. The mission will close next Sunday evening.

A FURIOUS GALE.

A Sort of Cyclone Strikes the City and Shatters and Shakes Things Generally.

The calm and charming weather of the past few weeks was broken by a heavy rain this morning and along about 9 o'clock a heavy wind prevailed between showers. At 11 and 12 o'clock it developed into a furious gale and the severest wind storm of the year broke in on us. Shade trees, fruit trees and stately timber were twisted from their roots and swept across streets and sidewalks, temporarily obstructing travel and traffic in some instances.

The roof of the Odd Fellows' block on Berry street, was lifted by the wind and hung over the east side of the building. Workmen at once began to cover the rooms and save the interior decorations from destruction by the rain.

A sign in front of Boerger's store, on Eash Main street, was blown off this morning and smashed in the windows of the front.

The cross on the northwest spire of the Cathedral nodded to the gale and people looked to see it tumble every moment, but it still holds its place in a loose way.

The awning in front of the grocery store of Theodore Vogler, corner of Hanna and Jefferson streets, was blown down by the wind at noon to-day. A portion of the awning was carried through the front windows, breaking the glass and a lot of queensware.

The wind storm created havoc with the Western Union telegraph wires, blowing down several miles of poles on the Pittsburg, Fort Wayn and Chicago and the Wabash railroads, the worst being between Warsaw and Plymouth and east of Van Wert.

Innumerable signs were twisted from their holdings about town, a bill board on Calhoun street, near Lowia, was prostrated, and damage of every nature that wind can inflict was recorded, not, however, with any serious loss or personal injury to any one.

The wind along the east and west railroad lines was severe and telegraph communication was interrupted.

The roofs of Haffner's bakery, Hake's bottling works, the French brewery, Mergenthaler's store, Keel's book store, THE SENTINEL building, Shaffer's grocery, Driscoll's hall and a half dozen other places were the last to succumb to the wind. Timmen refused to work on roofs and if it rains to-night the damage already done will be doubled.

Tributes to the late Hon. J. L. Williams.

Columbia City Post.

Hon. Jesse L. Williams, one of the oldest and most distinguished citizens of Fort Wayne, died at his home in that city last Saturday in the seventy-eighth year of his life. Mr. Williams was a man of great ability and generous impulses. His life was one full of honors and good deeds. In politics he was a republican; in religion a Presbyterian. His wealth is estimated as high as a million dollars.

Rhoton Chronicle.

Hon. Jesse L. Williams, of Fort Wayne, died on last Saturday morning. He was one of the very few early settlers of that city. He was engineer of all the Indiana canals in 1834, and for many years he was director of the Pacific railroad. He was a man of great probity and worth. For many years he was a ruling elder of the First Presbyterian church, contributing many thousand dollars to the erection of the very fine edifice now just completed.

Death of an Estimable Lady.

The many friends of Mrs. Frederick Thieme will be pained to learn of her death, which took place this morning about 1 o'clock, at her home No. 216 West Berry street, surrounded by her loving family and devoted husband. Mrs. Thieme had been sick for many months and during that time suffered much pain. She was a woman loved by all who knew her. She was born in Dresden, Saxony, in 1830, and has been a resident of this city for twenty-nine years. She was the mother of ten children, eight of whom are now living. Funeral will take place at 2 o'clock, Sunday afternoon from Emanuel's German Lutheran church.

LOCAL NEWS.

Father Guendling, of Lafayette, returned home this afternoon.

The house of Robert Wilson, near the Bass foundry, where he is employed, burned this afternoon, entailing a loss of $800.

The grocery room formerly occupied by H. N. Goodwin has just been re-opened by J. H. Haag. He is now ready to furnish his customers with anything they may wish in the grocery line.

Hon. B. F. Ibach, candidate for joint representative from Allen and Huntington counties, was in the city to-day. To-morrow THE SENTINEL will reply to the charges against him published in the *Gazette*.

Rt. Rev. Bishop Rademacher, of Nashville, reached the city this afternoon on his way to Chicago where he blesses and lays the corner stone of the hospital now in process of erection, and which is to be conducted by the "Poor Handmaids" of this city, whose mother house is at the convent attached to the St. Joseph hospital. Bishop Rademacher is expected to remain in the city until Saturday.

A WOMAN KILLED.

Mrs. Williams Crushed in a Brick Barn at Monroeville.

The brick barn of Samuel M. Williams, at Monroeville, was blown down at 1 o'clock this afternoon, by the fierce wind. Mrs. Williams, who was in the barn, was fatally injured, having her skull crushed and spine broken.

Mr. Williams, who travels for the Fleming Manufacturing Co., of Fort Wayne, was absent from home on his trip.

A Town Swept Away.

NEW ORLEANS, Oct. 14.—Chief Operator West, of the Western Union Telegraph company, has received the following message from the operator at Orange, Tex.: "The town of Sabine Pass was totally destroyed by the water of the Sabine river Wednesday night. There are known to have been sixty-five lives lost. Last night during the overflow a hotel with fifteen or twenty people in it was swept out into the bay and every one of the inmates drowned.

DEMOCRACY AND LABOR.

Equal and exact justice to all men.—*Thomas Jefferson.*

Exclusive privileges to none.—*Andrew Jackson.*

Under our form of government the value of labor as an element of national prosperity should be regarded as especially entitled to legislative care.—*Grover Cleveland.*

AGNOSTICISM is losing the support of evolution, says the *Princeton Review*. Brought forward by Spencer to aid that theory, evolution now turns its batteries against its former ally, and points to the ends which are being realized in nature as proof of the intelligence of nature's author. The logic of events and the logic of reason point in the same direction. Agnosticism has performed the minor task of checking extravagant tendencies and inducing the human reason to abate somewhat of its pretensions regarding the knowledge of supernatural things. But it has failed to satisfy legitimate demands. It has failed also to justify its own position at the bar of sound reason. As a result, it seems about to give way to a philosophy which upon the throne of the Unknowable places its rightful occupant—the living God.

A FALSEHOOD NAILED

One of the Ridiculous Fabrications Invented and Put in Circulation by Some of the More Unscrupulous Republicans Set Down On.

Colonel Lamont, the private secretary of the president, after conferring with his chief, authorizes the publication of the following emphatic language contained in a telegraphic message to Judge Lowry.

"Any statement that the president has indicated any wish in relation to the canvass in your district, unfriendly to your return, is unqualifiedly false."

The fact is, that the relations between the president and Judge Lowry, personally and politically, are of an entirely agreeable and satisfactory character, and it is well known that the former has on more than one occasion manifested his entire confidence in our faithful representative.

The malignants will now, of course, try something else.

THE 44TH REGIMENT.

They Have a Pleasant Camp Fire and Choose Their Officers and Committees.

The eight annual reunion of the Forty-fourth Indiana volunteers, held in this city yesterday, was the most successful one in the history of regimental organization. One hundred and twenty-four of the old command registered. The address of welcome was made by Mayo Mahler with a response by Capt. F. K. Cosgrove, and in the evening at the Academy of Music, which was well filled, the principal address was made by ex-Mayor Randall, who had presented the regiment with their battle flag when leaving for the front twenty-five years ago. Capt. J. B. White, Col. Jack Rinehill, Miss Maude Graham, in a recitation, Gen. Sam. B. Sweet, Rev. D. C. Woodport and others, were on the program and responded nicely.

The secretary then read the names of the new executive committee appointed to serve during the ensuing year as follows: M. B. Butler, Salem Center, Steuben county, Ind.; Col. Phil R. Grand, Fort Wayne; P. G. Frary, Warsaw; Robert Price, Antwerp, Ohio; J. D. Spurgeon, North Manchester. N. T. Fuller, Hicksville, Ohio; J. C. Riddle, Merriam, Noble county, Ind.; John J. Gilliott, Wolcottville; Lorenzo Nolan, Elkhart; James M. Chilcote, Edgerton, Ohio.

The committee on resolutions as named are Sam B. Sweet, Major W. B. Bingham and George Gordon.

The executive committee reported an organization for the coming year as follows:

THE republican funeral procession is moving slowly on.

THE democrats have nothing to explain. They have placed their affairs before the people.

COUNTY TREASURER DALMON'S statement stands to rebuke republican falsehoods.

THE success of the democratic party in 1884 was not a temporary victory. It was the result of a gradual growth of popular distrust of the republican party which had served its day and was passing into decline. Decline, because its principles of centralization was inimical to a free republic and because the corrupt methods of its public office holders had disgusted honest men of all parties. The democratic party withstood defeat year after year for a quarter of a century and yet it grew stronger day by day, for the tree of liberty was not born to die. Beneath its overspreading branches the lovers of freedom and honest government gathered and multiplied, and when the great party of the people was again placed in power it had a mission to perform. The public service was to be reformed, and the people expected economical, honest government. They have secured these benefits, and now have faith that the democratic party is the only proper party to administer the affairs of this country. Its new mission is only just begun. It will continue its good work and the people will continue to trust it. Leaders of the dead and fossilized republican party may object but the country will not heed the rattle of dry bones. There are living issues to enlist the attention of the people and the democratic party will secure victory after victory as the years go by in the interest of good and progressive government.

THE severe shocks of earthquake recently experienced in this country, have turned public attention to the various scientific theories concerning volcanoes, hot springs, composition of the interior of the globe, earthquakes, and the like. The most advanced scientists are frank in the admission that the world's stock of knowledge on the subject is very limited. In this connection a remarkable example of the increase of temperature in the earth toward the center has been presented at Pesth, where the deepest artesian well in the world is that now being bored for the purpose of supplying the public baths and other establishments with hot water. A depth of 3,120 feet has already been reached, and it furnishes 176,000 gallons daily, at a temperature of 158 degrees F. The municipality have recently voted a large subvention in order that the boring may be continued to a greater depth, not only to obtain a larger volume of water but at a higher temperature. It is suggested that it is thus within the bounds of probability, that the time may come when a heater or other manufacturers will obtain this water supply from a well of sufficient depth to do away with the necessity for artificially heating it.

A CITIZEN of Clayton, Ga., lost a valuable dog, and suspected that he had fallen into a deserted mining shaft. He could neither see nor hear anything of him at the bottom of the sixty-foot hole, but when he let down a piece of meat on a string something "bit" at greedily as a Saranac trout. Then a miner went down, and sure enough the dog was there, and after being drawn up was found to be unhurt.

QUEEN VICTORIA is very strict in the matter of court etiquette. She even makes grammatical rules. She wishes to be referred to as Her Majesty, not her Majesty. This is more modest than the requirement of Russian royalty, which has the names of the imperial family printed on the title-page of the orthodox prayer-books in big capitals, while the name of God appears in small type.

HENRY SAMPSON, a convict at work on the Georgia Midland Road, escaped recently. A bloodhound was put on his track, but when the dog was again seen he was found manacled to a tree with the convict's shackles. Two new dogs were put on the trail, but when they overtook the fugitive he made overtures to them, won their friendship, and traded them to a negro woman for his dinner. Sampson is still at large.

LENA FRY, the little daughter of David Fry, of Loudoun County, Virginia, who astonished the physicians and people in that vicinity by her long sleep, is dead. She was fifteen years old. Her first long sleep lasted sixty-six hours. Then she was thought to be dead. Her last and final sleep lasted nine days. She begged those about her not to let her go to sleep, but they could not relieve her of the drowsiness which took possession of her. All efforts to awaken her were fruitless. The doctors say she starved to death while asleep.

ON closely examining a light weight silver dollar presented at the sub-Treasury in Boston, the other day, a piece of handiwork of high order was discovered. The coin had been hollowed out in the center so as to allow the placing within it of the photograph of a child, while the face of the coin formed a sort of cover, which was held in position by hinges and a clasp. So fine was the work that probably no one but an expert could detect it. It is thought the coin found its way to the Treasury by mistake.

REALLY, not all Germans are music-lovers. The Hohenzollerns are not. Franz Liszt, after vainly trying with his most brilliant performances to produce some impression upon Prince Frederick, brother of the King of Roumania, exclaimed: "No wonder! All the Hohenzollerns I have known cared nothing for music. Old Prince Albert once told me he looked upon music as an 'expensive noise'; and of his own son, new Regent of Brunswick, he said: 'He cannot hu a true Prussian Prince, for he does not admire woman, nor get drunk, and does not play on the organ!'"

GEN. PEASONTON was telling the story of the last earthquake at Arica: "The people of that afflicted country have been shaken up so often that they have no difficulty in recognizing an earthquake by sight. But the last one was recognized long before it could be seen. It came more slowly than any of its predecessors—so slowly that all the people had time to run out of their little one-story adobe houses into the plaza, where they fell prone on their faces. When the earthquake got there it carried the ground up just like a wave. The people lying in the plaza felt just as you do when a big wave rolls under you on the beach. Those who lay in the trough of the wave, so to speak, were all right. But those who went up on the crest of the wave fell into it where it broke and were buried alive under it. It was all over in a minute."

"I love thee, case, and only the." Well, the only way to obtain it is to buy Salvation Oil, 25 cents.

The people still cling to Dr. Bull's Cough Syrup as the only safe and reliable remedy for cough, cold, croup, catarrh and consumption. 25 cents.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,

A PLAIN STATEMENT.

A Concise and Clear Statement of Allen County's Finances.

Owing to the misrepresentations if not absolute falsehoods of the so called People's Convention managers, concerning the financial condition of Allen county, Chairman McCulloch, of the democratic county committee, addressed a letter to Treasurer John Dalman, requesting an accurate statement of the county's affairs at the close of business, September 30, 1886. Treasurer Dalman's reply is given in full, and explains most effectually the statements made by these would be bell wethers of the people's, alias republican movement.

Hon. C. McCulloch:

IS THIS THE REFORM THEY TALK ABOUT?

[Proceedings of the Republican County Convention taken Verbatim from the Gazette.]

Mr. Baltes was declared the nominee and made a short speech:

"MR. CHAIRMAN AND GENTLEMEN:—I have not been seeking this office, but as you have been so liberal as to give me a majority on the first ballot, I am very thankful, and shall work again as I did four years ago, when I paid $1,200 and didn't get the office, even if it costs me another $1,200 to get into this court house. All I ask is that these delegates do the fair thing, and at the fall election be at the polls and vote the whole ticket through from top to bottom, [a voice, "We'll do it!"] and there is no doubt but we'll carry Allen county. [Cheers.]"

Perhaps no local disease has puzzled and baffled the medical profession more than nasal catarrh. While not immediately fatal it is among the most distressing, nauseous and disgusting ills the flesh is heir to, and the records show very few or no cases of radical cure of chronic catarrh by any of the multitude of modes of treatment until the introduction of Ely's Cream Balm a few years ago. The success of this preparation has been most gratifying and surprising.

ADVICE TO MOTHERS.—MRS. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

FACTS FOR VOTERS.

Hon. Charles McCulloch Makes an Honest and Masterly Statement of County Affairs.

To the Editor of The Sentinel.

Nothing more completely baffles trickery and deception than a straightforward statement of facts. I believe that the taxpayers of Allen county and the city of Fort Wayne are honest, intelligent men, not easily bamboozled or deceived. Living in the noonday of time, they read and think and the editors of republican papers in this city will find that the triumphs of truth and reason are greater than those of misrepresentation. Slander cannot make a subject either better or worse and in the long run it acts like a boomerang, upon the party that resorts to it. The true and concise statement of our county affairs, made by our county treasurer, is all that is necessary to puncture the false statements of republican newspapers, and it will be published often enough for every man in the county to read it and those pretended reformers will find that "truth is mighty and will prevail."

The statement shows that the commissioners did issue $200,000 of bonds, and they bear five per cent interest, but the premium they brought, of $4,000, brings the rate of interest to about 4¾ per cent or less. They did this to pay off every county order that drew 6 per cent, and to give them money enough to keep the county for the future on a cash basis and at the same time not to stint in the necessary expenses of a thriving county. Several years ago, about the time Mr. Rudisill was auditor, a large number of wooden bridges, on pile foundations, were built within a period of four years. Everyone knows what kind of bridges they were from the one at Rudisill's mill and Muldoon's dam. During the last four years these bridges have had to be rebuilt or repaired at a cost of over $150,000, and in order to verify my statement I give figures of cost and location of bridges, and this will tell why for four years part the expenditures of the county have been heavy:

Wells street bridge, St. Marys river	$ 20,226 31
Turner Mill bridge, St. Joe river	14,000 00
Clinton street bridge, St Marys river	14,315 74
Breckenridge bridge, St. Marys river	14,661 91
Horsh Mills bridge, St. Joe river	13,292 32
Stellhorn bridge, St. Marys river	3,850 00
Lloyd's mill bridge, Cedar Creek	6,490 70
Three Bridges bridge, Flat Rock	10,841 52
Nortons bridge, St. Marys river	6,225 00
Abutments for hull rapids, Maumee river	6,701 24
Stanton road bridge	2,982 99
Hobbs bridge, Hobbs run	3,473 43
County line bridge, Little river	1,757 20
Huntington road bridge	2,931 62
Marquette bridge, Flat Rock	2,161 13
Wilson bridge, Maumee township	1,511 97
Eel river bridge, Eel river	3,178 12
Shawnee bridge, Shawnee run	2,471 75
Adolt bridge, Adolt river	2,000 00
New Haven bridge repairs	1,763 36
Monroeville bridge	1,566 55
Robinson bridge, Robinson run	1,477 00
Gear Creek bridge, stone work	1,350 00
Pitch bridge, iron work	930 00
Spy Run bridge, iron works	2,200 22
Hoagland bridge, near Hoagland	1,148 92
Broadway bridge, iron	698 25
Leo bridge, repairs	1,454 95
Mckerson bridge, Mckerson creek	485 00
Canal bridge, near paper mill	151 22
Canal bridge, near brewery	151 22
Canal bridge, near Peters' mill	151 50
Notestine's bridge	164 88
Huntertown bridge	1,154 95
Lafayette township bridge	175 00
Academy station bridge, repairs	223 00
Monroe township, bridge repairs	158 50
Gear Creek bridge repairs	125 00
Milan township bridge repairs	105 00
Hamilton Creek bridge	125 00
Scipio township bridge	150 00
Township line bridge	92 00
Mud Run bridge	92 00
Maumee township bridge	70 00
Cedar Creek bridge repairs	70 00
Scipio & Perry township bridge	51 00
Painting Rudisill bridge	10 00
Painting Taylor's bridge	27 00
Total	$153,290 77

Some more have yet to be built, but the work is principally done for many years to come. Allen county is the largest county in the state and has more bridges to build and keep up than any other county. She is second in wealth and manufacturing interests and had it not been for the necessary expenses above mentioned she would not have run behind one dollar. THE PEOPLE BELIEVE IN GOOD ROADS, SAFE BRIDGES, WELL MANAGED PUBLIC INSTITUTIONS, LIBERAL EXPENDITURES FOR HOSPITALS AND THE POOR.

The hospital and poor expenses alone from June 1, 1885, to June 1, 1886, were as follows, according to the report of Auditor Griebel:

Poor orders by township trustees	$22,861 01
Medicine	965 20
Physicians	2,350 35
Railroad fare	272 25
City hospital	3,840 63
St. Joseph hospital	5,077 12
Asylum	6,627 15
Asylum superintendent	380 00
Post house	72 40
Overseers of poor, township trustees	1,257 10
Total	$48,783 12

Viewing the great improvements and charities we can point with pride to our county and the paltry debt that is shown in the statement of the county treasurer is so straightforward and plainly legitimate that people never give it a moments critical consideration. There has been no stealing. Men like William Briant, Jerome Cloyd, Henry Harlaman, Louis Geichel, Willis Maier, John Dalman, Judge Hench, Judge O'Rourke *don't steal.* Newspapers are the only accusers that dare say they do. Individually not one of the gentlemen who edit those papers would say so. The democratic and republican platforms both agreed that one term in a four year county office was long enough. With that idea prominent the present democratic county ticket was nominated and as Mr. P. S. O'Rourke said to me a few days ago, "it is as good a ticket as was ever nominated in Allen county," and Mr. O'Rourke is a close observer and always says exactly what he means. He also said that he had known Mr. Niezer from his boyhood, and that he was the soul of honor. The laws that regulate the county officials in the banner democratic county of Allen regulates them in republican counties. Allen county's prosperity and growth has been wonderful within the past few years, and the workingmen who are building homes faster than ever all over our beautiful city, still have confidence in our public servants in spite of the attempts of newspaper gentlemen at each election to deceive them.

Respectfully,
CHARLES MCCULLOCH.

The First Keen Twinge.

As the season advances, the pains and aches by which rheumatism makes itself known, are experienced after every exposure. It is not claimed that Hood's Sarsaparilla is a specific for rheumatism—no doubt if there is, or can be, such a remedy. But the thousands benefited by Hood's Sarsaparilla, warrant us in urging others who suffer from rheumatism to take it before the first keen twinge.

SUPERVISING ARCHITECT BELL is to go, too, and Senator Austin, of Louisiana, is talked of as his successor.

The Army and the Navy, the Bar and the Beach, the Pulpit and the Press, all ranks and classes of people have sent their personal experience and thanks, for the last 40 years, until their letter have filled volumes, testifying to the wonderful cures effected by Pond's Extract. This favorite medicine is the People's Great Remedy for all forms of Inflammations, Hemorrhages, Piles, Sore Throat, Boils, Burns, Sprains and kindred diseases. It continually grows in popular appreciation. Genuine in Bottles with Buff Wrappers only. Avoid counterfeits.

JUDGE LOWRY is gaining ground rapidly in the northern part of the district.

For Bronchical, Asthmatic, and Pulmonary Complaints, "Brown's Bronchial Troches" manifest remarkable curative properties. Sold only in boxes.

The *Gazette* takes to false figures like a duck to water. Nature asserts itself.

In the Hop Plasters the virtues of fresh hops are combined with strengthening and stimulating balsams, and its cures of weak back, pain in the side, rheumatism, neuralgia or pain in the chest are simply marvelous, it being more efficacious and thorough than any liniment or liquid remedies. You'll say so after using.

INDIANA is governed by democratic officials.

They are Not Sorry.

There is one thing nobody ever regrets—and is, the day they first adopted Parker's Tonic as their regular family medicine. Its range is so wide, and its good effects so sure, that nothing else, except good nursing, are needed in a great majority of cases. Buy it, try it, and afterwards it will not require any praise from us.

ECZEMA

And Every Species of Itching and Burning Disease a Cured by Cuticura.

ECZEMA, or Salt Rheum, with its agonizing, itching and burning, instantly relieved by a warm bath with Cuticura Soap and a single application of Cuticura, the great Skin Cure. This repeated daily, with two or three doses of Cuticura Resolvent, the New Blood Purifier, to keep the blood cool, the perspiration pure and unirritating, the bowels open, the liver and kidneys active, will speedily cure eczema, tetter, ringworm, psoriasis, lichen, pruritis, scald head, dandruff and every species of itching, scaly and pimply humors, of the scalp and skin, when the best physicians and all known remedies fail.

ECZEMA.

I gratefully acknowledge a cure of eczema of salt rheum on the head, neck, face, arms and legs for seventeen years; also of a scaly crust on hands and knees for one year; not able to help myself for eight years; tried hundreds of remedies; doctors pronounced my case hopeless; permanently cured by the Cuticura Remedies. WILL ROSENFALD,
252 Dearborn pl., Chicago, Ill.

ECZEMA.

Some five months ago I had the pleasure to inform you of my improvement in the use of the Cuticura Remedies in my case of severe chronic eczema; erythematous and totally disfiguring; all I then said, I consider my cure perfect and complete, and attribute it entirely to your remedies, having used no others. FERVAN ESENCHAIDO,
3336 Penna Ave., St. Louis, Mo.

ECZEMA.

I have suffered from salt rheum for over eight years, at times so bad I could not attend to my business for weeks at a time. Three boxes of Cuticura and four bottles Resolvent have entirely cured me of this dreadful disease. MR. GEORGE GRIEL,
Wilkesbarre, Pa.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and unobstructed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and gets away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, send up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatment and directions, and sold by all druggists for $1.00.

POTTER DRUG & CHEMICAL CO., BOSTON.

With shoes that are "just awful sweet,"
In style and comfort quite complete?

THE HOOSIER

Who does all other houses beat
With prices that they cannot meet?
Who keeps them on the anxious seat?
